

Master Measuring Mass in Grams A

Task 1

Use digital weighing scales to measure the weight of the rice bags that your teacher has prepared.

Say the stem sentence...

The mass of the _____ is exactly _____ grams.

Task 2

Select two digit cards to create a 2-digit number. Use digital weighing scales to measure out this mass in grams using the rice.

Say the stem sentence...

The mass of the _____ is exactly _____ grams.

Task 3

Step 1

Compare the weight of the prepared bag of rice to known weights.

Step 2

Say the stem sentence...

An estimation for the mass of the _____ is _____ grams.

Step 3

Now, weigh the bag on the digital weighing scales.

Say the stem sentence...

The mass of the _____ is exactly _____ grams.

Was your estimate accurate?

Step 4

Repeat with other prepared bags.
