Complete the stem sentence.

The height of flower A is ____cm and ____mm.

The height of flower B is ____cm and ____mm.

The height of flower C is ____cm and ____mm.

Fluency 3

Write the length of each leaf in mixed measures.

Complete the stem sentence.

The length of leaf A is ____cm and ____mm.

The length of the leaf B is ____cm and ____mm.

Fluency 1

Use the rulers to write the measurements of A, B and C.

A is pointing to ____cm and ____mm.

B is pointing to ____cm and ____mm.

C is pointing to ____cm and ____mm.

Fluency 2

Write the height of each flower in mixed measures.

Complete the stem sentence.

The height of flower A is ____cm and ____mm.

The height of flower B is ____cm and ____mm.

The height of flower C is ____cm and ____mm.

Fluency 3

Write the length of each leaf in mixed measures.

Complete the stem sentence.

The length of leaf A is ____cm and ____mm.

The length of the leaf B is ____cm and ____mm.

Master Measuring Length in Mixed Measures (cm and mm) B

Fluency 4

Use the ruler to estimate the length of the branch.

An estimation for the length of the branch is ____cm and ____mm.

Fluency 5

Use the ruler to estimate the height of the garden gnome.

An estimation for the height of the garden gnome is ____cm and ____mm.

Fluency 4

Use the ruler to estimate the length of the branch.

An estimation for the length of the branch is ____cm and ____mm.

Fluency 5

Use the ruler to estimate the height of the garden gnome.

An estimation for the height of the garden gnome is ____cm and ____mm.

Fluency 4

Use the ruler to estimate the length of the branch.

An estimation for the length of the branch is ____cm and ____mm.

Fluency 5

Use the ruler to estimate the height of the garden gnome.

An estimation for the height of the garden gnome is ____cm and ____mm.

Fluency 4

Use the ruler to estimate the length of the branch.

An estimation for the length of the branch is ____cm and ____mm.

Fluency 5

Use the ruler to estimate the height of the garden gnome.

An estimation for the height of the garden gnome is ____cm and ____mm.
