

Master Representing Numbers to 10

Step 1

Take a piece of Numicon out of the bag.

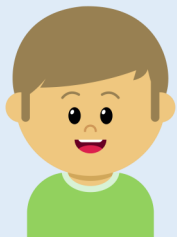

Step 2

Use the stem sentences to say...

“There is / are ___ one(s).”

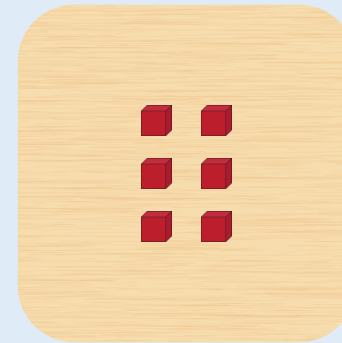

“The number is ___.”

There are 6 ones.
The number is six.

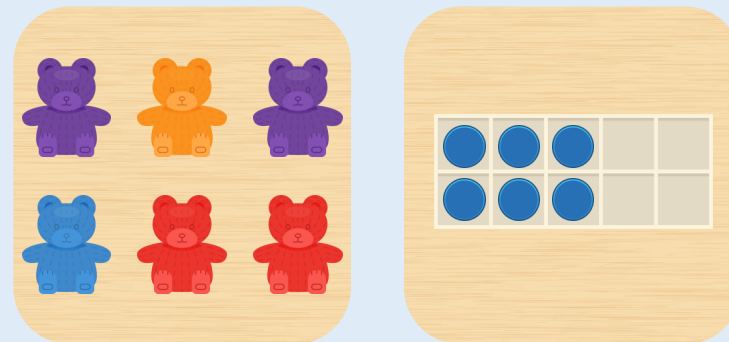

Step 3

...and another way.

Step 4

...and other ways.

You could change the task by taking a random number of Dienes, bears or counters out of the bag instead.
