

Master Comparing 5 and 6-Digit Numbers

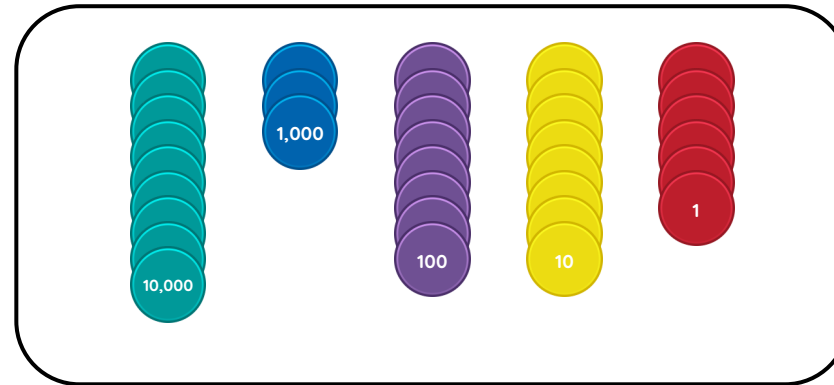

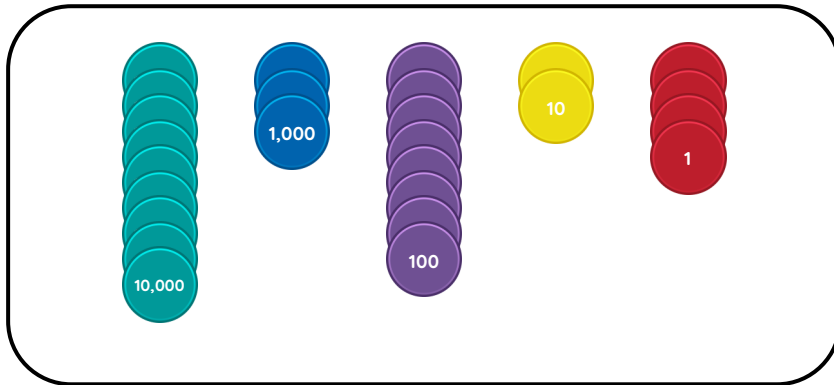

Fluency 1

Circle the vocabulary that completes each stem sentence.

55,673 has **more** / **fewer** **ten thousands** / **thousands** / **hundreds** / **tens** / **ones** than 52,637

55,673 is **greater** / **less** than 52,637

93,824 has **more** / **fewer** **ten thousands** / **thousands** / **hundreds** / **tens** / **ones** than 93,886

93,824 is **greater** / **less** than 93,886

Reasoning, problem solving, answers and teaching slides are available with a subscription.

Fluency 2

Circle the vocabulary that completes each stem sentence.

652,549 has **more** / **fewer** hundred thousands / ten thousands / thousands / hundreds / tens / **ones** than 655,485

652,549 is **greater** / **less** than 655,485

536,722 has **more** / **fewer** hundred thousands / ten thousands / thousands / hundreds / tens / **ones** than 287,931

536,722 is **greater** / **less** than 287,931

Reasoning, problem solving, answers and teaching slides are available with a subscription.

Fluency

Master Comparing 5 and 6-Digit Numbers

Fluency 3

Circle the vocabulary that completes each stem sentence.

10,000s	1,000s	100s	10s	1s
3	5	8	4	4
3	4	5	8	4

35,844 has **more** / **fewer** **ten thousands** / **thousands** / **hundreds** / **tens** / **ones** than 34,584
 35,844 is **greater** / **less** than 34,584

10,000s	1,000s	100s	10s	1s
7	8	2	8	3
7	8	3	8	2

78,283 has **more** / **fewer** **ten thousands** / **thousands** / **hundreds** / **tens** / **ones** than 78,382
 78,283 is **greater** / **less** than 78,382

Fluency 4

Circle the vocabulary that completes each stem sentence.

100,000s	10,000s	1,000s	100s	10s	1s
2	7	8	3	6	8
2	7	8	2	6	8

278,368 has **more** / **fewer** **hundred thousands** / **ten thousands** / **thousands** / **hundreds** / **tens** / **ones** than 278,268
 278,368 is **greater** / **less** than 278,268

100,000s	10,000s	1,000s	100s	10s	1s
9	1	4	8	7	6
9	2	4	1	7	6

914,876 has **more** / **fewer** **hundred thousands** / **ten thousands** / **thousands** / **hundreds** / **tens** / **ones** than 924,176
 914,876 is **greater** / **less** than 924,176

Master Comparing 5 and 6-Digit Numbers

Fluency 5a

Write the symbol to compare each set of 5-digit numbers.

94,071

760,355

Fluency 5b

Circle the vocabulary that completes each stem sentence.

62,608

62,698

62,608 has no **ten thousands** / **thousands** / **hundreds** / **tens** / **ones**.

62,608 is **greater** / **less** than 62,698

81,953

80,593

80,593 has no **ten thousands** / **thousands** / **hundreds** / **tens** / **ones**.

81,953 is **greater** / **less** than 80,593

Fluency 6b

Circle the vocabulary that completes each stem sentence.

805,427

851,796

805,427 has no **hundred thousands** / **ten thousands** / **thousands** / **hundreds** / **tens** / **ones**.

805,427 is **greater** / **less** than 851,796

136,034

136,315

136,034 has no **hundred thousands** / **ten thousands** / **thousands** / **hundreds** / **tens** / **ones**.

136,034 is **greater** / **less** than 136,315

Reasoning, problem solving, answers and teaching slides are available with a subscription.

Fluency

Master Comparing 5 and 6-Digit Numbers

Fluency 7

Circle the vocabulary that completes each stem sentence.

67,854

345,834

67,854 / 345,834 has no **hundred thousands**
/ **ten thousands** / **thousands** / **hundreds** / **tens** / **ones**.

67,854 is **greater** / **less** than 345,834

31,347

3,471

31,347 / 3,471 has no **ten thousands** / **thousands**
/ **hundreds** / **tens** / **ones**.

31,347 is **greater** / **less** than 3,471

Fluency 8

Write digits that make each comparison correct.
