

Master Odd and Even Numbers to 10 A

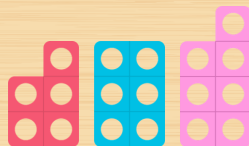

Step 1

Take a pattern card.

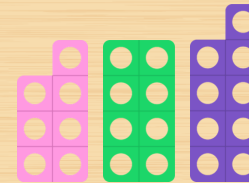

Step 2

Make a pattern of odd and even numbers to match the card using Numicon in the correct order.

Step 3

Make a different pattern, again using the Numicon in the correct order.

Step 4

Answer Jane's question.

How many possibilities can you find for the pattern card?

Repeat the steps with a new pattern card.
